God of War - The Official Novelization - J. M. Barlog 2018-08-28

The novelization of the highly anticipated God of War game. His vengeance against the Gods of Olympus years behind him, Kratos now lives as a man in the realm of Norse gods and monsters. It is in this harsh, unforgiving world that he must fight to survive... and teach his son to do the same. This startling reimagining of God of War deconstructs the core elements that defined the series-- satisfying combat; breathtaking scale; and a powerful narrative--and fuses them anew.

[Crypt of the Sorcerer](#) - Ian Livingstone 2004-07

An ancient evil is stirring in the bowels of the earth, and the land is blighted. After being entombed for one hundred years, the necromancer Razaak has been re-awoken and is poised to fulfill his promises of death and tyranny. His army of undead is at large across Allansia, bringing death and destruction to all who resist. It is up to YOU to find the only weapon to which Razaak is vulnerable: his own magic sword!

In addition to the record of their mythic journey, this wondrous collection also includes a bestiary that was assembled during those travels, intimate dossiers of the characters that inhabit the masterfully crafted universe, and much more! Dark Horse Books and Santa Monica Studios present God of War: Lore and Legends. This lovingly produced edition is a must own item for any fan of God of War.

Crysis - Peter Watts 2011-03-22

MANHATTAN IS UNDER NEW MANAGEMENT. THEY'RE NOT FROM AROUND HERE. Welcome to the Big Apple, son. Welcome to the city that never sleeps: invaded by monstrous fusions of meat and machinery, defended by a private army that makes Blackwater look like the Red Cross, ravaged by a disfiguring plague that gifts its victims with religious rapture while it eats them alive. You've been thrown into this

meat grinder without warning, without preparation, without a clue. Your whole squad was mowed down the moment they stepped onto the battlefield. And the chorus of voices whispering in your head keeps saying that all of this is on you: that you and you alone might be able to turn the whole thing around if you only knew what the hell was going on. You'd like to help. Really you would. But it's not just the aliens that are gunning for you. Your own kind hunts you as a traitor, and your job might be a bit easier if you didn't have the sneaking suspicion they could be right. . . .

Essential Mathematics for Games and Interactive Applications - James M. Van Verth 2008-05-19

Essential Mathematics for Games and Interactive Applications, 2nd edition presents the core mathematics necessary for sophisticated 3D graphics and interactive physical simulations. The book begins with linear algebra and matrix multiplication and expands on this foundation to cover such topics as color and lighting, interpolation, animation and basic game physics. Essential Mathematics focuses on the issues of 3D game development important to programmers and includes optimization guidance throughout. The new edition Windows code will now use Visual Studio.NET. There will also be DirectX support provided, along with OpenGL - due to its cross-platform nature. Programmers will find more concrete examples included in this edition, as well as additional information on tuning, optimization and robustness. The book has a companion CD-ROM with exercises and a test bank for the academic secondary market, and for main market: code examples built around a shared code base, including a math library covering all the topics presented in the book, a core vector/matrix math engine, and libraries to support basic 3D rendering and interaction.

God of War: B is for Boy - Andrea Robinson 2020-09

"Boy! You know, but do you listen?" The road for Kratos and Atreus is long as father teaches son the ABCs of the nine realms. From learning to control his anger to understanding why you shouldn't pick up every bone you come across, Atreus takes in Kratos's wisdom, one letter at a time. At times stern and at times humorous, Kratos passes on the essential vocabulary from the God of War world and teaches his rebellious son (who knows very little) to learn from past mistakes and become a better man, .

Accompanied by original illustrations, God of War: B is for Boy is a delightful satirical tour through the world of the critically acclaimed game.

Sex Lives of Our Parents - Michael Mitnick 2014-02-28

Virginia is getting married. As her wedding day approaches, unwanted ghosts of her mother's past appear, unearthing a shocking past she never knew - nor wanted to. A comic nightmare about the mysterious hollows between parents and children and things that may be better left unsaid. ..". from the delightful opening pantomime, set to a recording of Frank Sinatra singing 'If I Had You, ' of a young couple meeting, courting, and deciding to marry, it's clear that a refreshingly original sensibility is at work. Mitnick has a lot more on his mind than obvious laughs in this consistently inventive and surprising comedy-drama." -Erik Haagensen, Backstage "Mitnick seems to be the rare young playwright more interested in his elders than in his contemporaries." -Alexis Soloski, Village Voice "Mitnick displays classy wit, gentle humanity, and flashes of formal innovation." -Scott Brown, New York

Auroral Physics - David J. Knudsen 2021-08-27

This volume surveys our current scientific understanding of the terrestrial aurora. It is organized into eleven reviews detailing theoretical and observational aspects of characteristic auroral morphologies, and how these in turn are organized according to local time, latitude, and activity level. Popular descriptions often attribute the aurora to the interaction of charged particles from the solar wind with atoms in the upper atmosphere. In fact, most auroras are not the result of direct entry of solar wind particles. Rather, as detailed in this volume, auroral particle acceleration and generation of auroral forms occur primarily within the magnetosphere. Importantly, many key aspects of the aurora - most notably, the physical mechanisms responsible for the generation of discrete arcs - are still unexplained, and auroral physics continues to be an active area of scientific research. Each review chapter therefore includes a summary of open questions for further investigation. Providing the first comprehensive review of the terrestrial aurora in two decades, this book will aid both active researchers and newcomers interested in understanding the current state of the field. Previously published Space Science Reviews in the Topical Collection "Auroral Physics"

Historia Ludens - Alexander von Lünen 2019-09-20

This book aims to further a debate about aspects of "playing" and "gaming" in connection with history. Reaching out to academics, professionals and students alike, it pursues a dedicated interdisciplinary approach. Rather than only focusing on how professionals could learn from academics in history, the book also ponders the question of what academics can learn from gaming and playing for their own practice, such as gamification for teaching, or using "play" as a paradigm for novel approaches into historical scholarship. "Playing" and "gaming" are thus understood as a broad cultural phenomenon that cross-pollinates the theory and practice of history and gaming alike.

Physics for Game Developers - David Bourg 2013-02-15

Game physics has been at the heart of mainstream computer games for years, but recently it's reached a

new level with the emergence of Nintendo Wii, PlayStation Move, Microsoft's Kinect, and various mobile devices. This updated bestseller not only provides important knowledge behind bread-and-butter game physics, but helps you leverage exciting interaction gadgets such as accelerometers, touch screens, GPS receivers, pressure sensors, and optical tracking devices. You'll find new chapters on deformable and soft bodies, fluids, and the physics of sound for incorporating realistic effects, including 3D sound. For game developers working alone or as part of a team, this expanded second edition is indispensable. Major topics include: Digital physics—learn the physics behind accelerometers and other sensors in smartphones and game consoles Physics of sound—get up to speed on a topic generally ignored in other books on game physics Rigid body mechanics—become well-versed in the staple of all game physics engines Fluid dynamics—create fabulous special effects through the book's accessible treatment of this difficult subject Modeling specific systems—design and optimize your physical models with real-world examples

Hieroglyphics - Jill McCorkle 2021-05-04

"Hieroglyphics is a novel that tugs at the deepest places of the human soul—a beautiful, heart-piercing meditation on life and death and the marks we leave on this world. It is the work of a wonderful writer at her finest and most profound." —Jessica Shattuck, author of *The Women in the Castle* After many years in Boston, Lil and Frank have retired to North Carolina. The two of them married young, having bonded over how they both—suddenly, tragically—lost a parent when they were children. Now, Lil has become determined to leave a history for their own kids. She sifts through letters and notes and diary entries, uncovering old stories—and perhaps revealing more secrets than Frank wants their children to know. Meanwhile, Frank has become obsessed with the house he lived in as a boy on the outskirts of town, where a young single mother, Shelley, is now raising her son. For Shelley, Frank's repeated visits begin to trigger memories of her own family, memories that she'd hoped to keep buried. Because, after all, not all parents are ones you wish to remember. Empathetic and profound, this novel from master storyteller Jill McCorkle deconstructs and reconstructs what it means to be a father or a mother, and to be a child trying to know your parents—a child learning to make sense of the hieroglyphics of history and memory.

Luke Cage: City on Fire - Ho Che Anderson 2022-02

Hidden Power of Speaking in Tongues - Mahesh Chavda 2011-07-28

Almost 40 years ago John and Elizabeth Sherill introduced the world to the phenomenon of 'speaking in tongues' in their book, *They Speak with Other Tongues*. The book was an immediate success as thousands were touched by the power of this spiritual gift. The *Hidden Power of Speaking in Tongues* again explores this spiritual experience powerfully prevalent in the early church. This much maligned and controversial gift was a practical part of their worship and intercession and seeks to be rediscovered in our day. In a day of spiritual poverty, Chavda challenges the Body of Christ to experience afresh the secret dynamic of 'speaking in tongues', as he removes the veil covering this glorious gift.

A Traveler at the Gates of Wisdom - John Boyne 2020-08-11

From the bestselling author of *A Ladder to the Sky*—"a darkly funny novel that races like a beating heart" (*People*)—comes a new novel that plays out across all of human history: a story as precise as it is unlimited. This story starts with a family. For now, it is a father and a mother with two sons, one with his father's violence in his blood, one with his mother's artistry. One leaves. One stays. They will be joined by

others whose deeds will determine their fate. It is a beginning. Their stories will intertwine and evolve over the course of two thousand years. They will meet again and again at different times and in different places. From Palestine at the dawn of the first millennium and journeying across fifty countries to a life among the stars in the third, the world will change around them, but their destinies remain the same. It must play out as foretold. From the award-winning author of *The Heart's Invisible Furies* comes *A Traveler at the Gates of Wisdom*, an epic tale of humanity. The story of all of us, stretching across two millennia. Imaginative, unique, heartbreaking, this is John Boyne at his most creative and compelling.

Zaadii: the Legend of Z-Hawk - Gail Simone 2020-10-08

This is the story of Zaadii. By day, he is an environmental lawyer working alongside his two closest friends, Tony and Margaret. By night, he protects the planet as Z-Hawk the superhero. In this story we see Zaadii as he wins his legal case that protects the streams and lakes on his tribe's land, which infuriates his nemesis, the Decimator, who seeks vengeance. The story culminates when Z-Hawk confronts The Decimator in an epic fight to protect the city's water supply from being poisoned. Zaadii outsmarts his foe, and protects the city while taking mercy on his opponent. In the last section of the comic we learn about Zaadii and his Unfinished Story through an emotional interview with his mom Rachel, all told through comic book format. We learn about his love for the environment, Navajo heritage, his favorite superhero, and about his special spirit that everyone loved. It's something of an "origin story .."

Combat in the Air - 1944

[The Kiss of the Concubine](#) - Judith Arnopp 2013-11

28th January 1547. It is almost midnight and the cream of English nobility hold their breath as King Henry VIII prepares to face his God. As the royal physicians wring their hands and Archbishop Cranmer gallops through the frigid night, two dispossessed princesses pray for their father's soul and a boy, soon to be king, snivels into his velvet sleeve. Time slows, and dread settles around the royal bed, the candles dip and something stirs in the darkness ... something, or someone, who has come to tell the king it is time to pay his dues. *The Kiss of the Concubine* is the story of Anne Boleyn, second of Henry VIII's queens.

[An Ordinary Man](#) - Paul Rusesabagina 2006-04-06

The remarkable autobiography of Paul Rusesabagina, the globally-recognized human rights champion whose heroism inspired the film *Hotel Rwanda* "Fascinating...your book is called *An Ordinary Man*, yet you took on an extraordinary feat with courage, determination, and diplomacy." - Oprah, O, *The Oprah Magazine* As Rwanda was thrown into chaos during the 1994 genocide, Rusesabagina, a hotel manager, turned the luxurious Hotel Mille Collines into a refuge for more than 1,200 Tutsi and moderate Hutu refugees, while fending off their would-be killers with a combination of diplomacy and deception. In *An Ordinary Man*, he tells the story of his childhood, retraces his accidental path to heroism, revisits the 100 days in which he was the only thing standing between his "guests" and a hideous death, and recounts his subsequent life as a refugee and activist.

Once Upon Atari - Howard Scott Warshaw 2020-12-14

ONCE UPON ATARI is an intimate view into the dramatic rise and fall of the early video game industry, and how it shaped the life of one of its key players. This book offers eye-opening details and insights, delivered in a creative style that mirrors the industry it reveals. An innovative work from one of the industry's original innovators. This is a detailed look behind the scenes of the early days of video games, with particular attention to the causative factors leading up to the video game crash of the early 1980s. It is also the journey of one industry pioneer, and how his experience creating some of the world's most noted pieces of interactive entertainment reverberates throughout his life. It is a compelling and dramatic tale of innocence, greed, exuberance, hubris, joy, devastation and ultimately redemption, told in a fresh voice and an unorthodox style.

Online Worlds: Convergence of the Real and the Virtual - William Sims Bainbridge 2009-12-08

William Sims Bainbridge Virtual worlds are persistent online computer-generated environments where people can interact, whether for work or play, in a manner comparable to the real world. The most prominent current example is World of Warcraft (Corneliussen and Rettberg 2008), a massively multiplayer online game with 11 million s- sscribers. Some other virtual worlds, notably Second Life (Rymaszewski et al. 2007), are not games at all, but Internet-based collaboration contexts in which people can create virtual objects, simulated architecture, and working groups. Although interest in virtual worlds has been growing for at least a dozen years, only today it is possible to bring together an international team of highly acc- plished authors to examine them with both care and excitement, employing a range of theories and methodologies to discover the principles that are making virtual worlds increasingly popular and may in future establish them as a major sector of human-centered computing.

Hurry Home - Roz Nay 2020-07-07

From the bestselling author of *Our Little Secret* comes a suspenseful new thriller featuring two estranged sisters desperate to keep their deepest and darkest secret where it belongs—in the past. When I open the door, I see a face more than anything, the paleness of it stark against the dark hair. Long hair,

familiar. Blue, damaged eyes. Immediately, I feel my knees might give out, like I might fall to the ground. I cover my mouth with both hands and stare. It's her. It's Ruth Van Ness. My sister. Alexandra Van Ness has the perfect life. She lives in an idyllic resort town tucked away in the Rocky Mountains, shares a designer loft with her handsome boyfriend, Chase, and has her dream job working in child protection. Every day, Alex goes above and beyond to save children at risk. But when her long-lost sister, Ruth, unexpectedly shows up at her door asking for help, Alex's perfect life is upended. Growing up, Ruth was always the troublemaker, pulling Alex into her messes, and this time will be no different. Their relationship is fraught with hurts and regrets from their childhood that bind them to silence, but they can't outrun them forever. Alex lets Ruth stay under one condition: we will never, ever, talk about the past. But when a local child is in danger, Alex becomes very involved and the secrets from long ago come back to haunt her with terrible consequences for everyone. A gripping look at the inescapable bond between sisters—and the devastating cost of a single mistake—Hurry Home will keep readers guessing who is telling the truth and who is lying until the very last page.

Dirty Old London - Lee Jackson 2014-01-01

In Victorian London, filth was everywhere: horse traffic filled the streets with dung, household rubbish went uncollected, cesspools brimmed with "night soil," graveyards teemed with rotting corpses, the air itself was choked with smoke. In this intimately visceral book, Lee Jackson guides us through the underbelly of the Victorian metropolis, introducing us to the men and women who struggled to stem a rising tide of pollution and dirt, and the forces that opposed them. Through thematic chapters, Jackson

describes how Victorian reformers met with both triumph and disaster. Full of individual stories and overlooked details--from the dustmen who grew rich from recycling, to the peculiar history of the public toilet--this riveting book gives us a fresh insight into the minutiae of daily life and the wider challenges posed by the unprecedented growth of the Victorian capital.
